

Dr. Miles' Heart Cure

Cures a Prominent Attorney.

MR. R. C. PHELPS, the leading pension attorney of Belfast, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and smothering spells. My form was bent as a man of 36. I constantly wore an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from doctors for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me much pleasure to recommend this remedy to everyone."

READING THE PAPERS

What Documents Sent by Alger to the War Investigators Reveal.

GENS. MILES AND SHAFTER

Apparent Conflict of Authority Between the Two Commanders—Major Louis L. Leaman Is Asked to Explain Certain Statements—Chaplain McIntyre Suffering From Nervous Prostration.

Washington, Oct. 14.—After hearing the testimony of Dr. Hoff, a chief surgeon of the Third army corps, stationed at Camp Thomas, the war investigating commission yesterday gave the remainder of the day to the reading of papers submitted by Secretary Alger with his statement concerning the conduct of the war.

The documents reveal the fact that General Miles recommended the occupation of the Island of Pines about the time of the battle of Santiago and that Secretary Alger disapproved the suggestion. It also appears that General Miles recommended that some point between Santiago and Porto Rico be taken previous to the beginning of either campaign. The correspondence also developed the fact that there was an apparent conflict of authority between General Miles and General Shafter at Tampa before the Santiago campaign was inaugurated. It also shows that orders were issued by the secretary of war that in the event that General Shafter should be disabled by sickness or other cause, the command of the troops at Santiago should devolve upon General Wheeler, and upon the next in command in case of the disability of both Shafter and Wheeler.

The commission has summoned Major Louis L. Leaman, a surgeon of the First volunteer engineers, to appear before it and he is expected to testify at today's session. He has recently been quoted in New York as saying that 200 men had died daily because of the maladministration of the quartermaster's department.

HAYANA NEWS.

Said That General Gomez Has Already Been Elected President of Cuba.

Havana, Oct. 14.—It is reported that General Maximo Gomez, the insurgent commander-in-chief, will arrive here this week for the purpose of conferring with the military commissioners. He will then have an interview with General Perico Diaz, the Cuban military commander in the province of Pinar del Rio.

It is understood that General Gomez has already been elected president of the Cuban government, but his nomination, it is added, will not be made public until after his arrival at Santa Cruz del Sur on Oct. 20. Gomez had previously declined the nomination but it is expected he will now accept it.

Cuban Generals Mayia, Rodriguez and Nodaves left yesterday for Santa Cruz del Sur, via Habana, in answer to an urgent summons from the Cuban revolutionary government. It was given out here that the Cuban revolutionary ministers have commissioned these generals to reorganize the Cuban army in the eastern provinces.

The remains of Major Beebe of the United States military commission have been embalmed and were deposited temporarily in the Colon cemetery.

The Cuban clubs of this city sent delegations to the Trocha hotel at Vedado, the headquarters of the American commission, to express sympathy with our commissioners. They also sent a magnificent wreath of flowers to be deposited on the casket containing the remains of Major Beebe.

Expert bicyclists have already succeeded in riding a single wheel, or unicycle, for short distances. In years to come the unicycle may become as common a mode of locomotion as the bicycle. Only a few years ago people would have laughed at the idea that all the world would shortly be wheeling.

It is not in mechanics alone that the world is making rapid progress. Not many years ago all physicians pronounced consumption an incurable disease. To-day a large proportion of people recognize that it is a distinctly curable disease. Doctor Pierce's Golden Medical Discovery cures 98 percent of all cases of consumption.

It has stood the test for thirty years. Thousands of people who were given up by their doctors, and had lost all hope owe their lives to this marvelous remedy. It acts directly on the lungs, drives the pleuritic and disease germs, restores the appetite, corrects all disorders of the digestion, strengthens the weak stomach, makes the assimilation of the life-giving elements of the food perfect, invigorates the liver, purifies the blood and tones the nerves. It is the great blood-maker and flesh-builder. It does not make flabby flesh like cod liver oil, but the firm, muscular tissue of absolute health. An honest dealer will not offer you an inferior substitute for the sake of a little added profit.

Miss Mary Whitman, of East Dickinson, Franklin Co., N. Y., writes: "For nearly ten months I have had a bad cough, and instead of getting better, grew worse. I was said to have consumption. I tried Dr. Pierce's Golden Medical Discovery, and when the second bottle was empty I had no cough and was cured."

PERMANENT GARRISON.

General Brooke Ordered to Consider the Subject as Regards Porto Rico.

Washington, Oct. 14.—General Brooke has been directed by the war department to consider the subject of a permanent garrison for the island of Porto Rico. With the troops now on the island and those enroute, exclusive of those on the island who have been ordered home, General Brooke's command consists of about 8,000 men. He is inclined to the belief that a force of 6,000 or 7,000 will be ample as a garrison for the island.

Whether regiments of regulars will be sent to Porto Rico will depend upon the recommendation of General Brooke. At all events, it is not likely in the opinion of war department officials that any regulars will be ordered to the island before the first of next year.

Coming Home From Porto Rico. Washington, Oct. 14.—The four volunteer state regiments which have been ordered home from Porto Rico—the Third Illinois, Sixth Massachusetts, Fourth Ohio and Third Wisconsin—will go immediately to their state headquarters when they arrive in the United States, being given 60-days' furlough before being mustered out.

Will Serve With Lee. Washington, Oct. 14.—Major General Francis E. Greene has been ordered to report to General Fitzhugh Lee, Seventh army corps, and will command a division of the army of Cuban occupation. General Greene took part in the battle of Manila.

First Troops to Go to Cuba. Washington, Oct. 14.—It is the understanding at the war department that the Seventh and Eighth regular cavalry, now at Huntsville, Ala., will be the first troops that will go to Cuba, and it is not now expected that they will go with General Lee.

RAY AND MASO.

They Confer Together on the Disbandment of the Cuban Army.

Santiago de Cuba, Oct. 14.—Senator Bartolome Maso, accompanied by two members of his staff, arrived at Mazatlan, from Santa Cruz del Sur, a small town in Puerto Principe, where the Cubans now have their headquarters and where, on Oct. 20, the Cuban assembly will meet to elect a new president and to decide as to the plans for disbanding the army, if disbandment is considered advisable, and as to other important matters. He called at once on Colonel Ray, who expressed pleasure at the opportunity of an interview and hoped Senator Maso would arrange to disband the Cuban troops at all points now in possession of the United States forces, in order that the men might give the assistance so greatly needed to place the country in a position to recover from the evils of the three years' war.

Senator Maso expressed himself as thoroughly in accord with Colonel Ray's proposal to get the Cuban soldiers at work throughout the province of Santiago. He promised to do all in his power to bring about this result, believing, he said, that the sooner the country was prosperous and happy, the sooner Cuba Libre would be an accomplished fact, and believing also that the best policy for the Cubans now was to co-operate heartily with the Americans in their plans for building up the country.

"I believe," said Senator Maso, in terminating the interview, "that Cuba in two years will be more prosperous than ever before."

Colonel Hood's Second immune regiment (white), now at Alto Songo, is under orders to be ready at eight hours' notice to proceed to Holguin, which the Spaniards are about to evacuate.

Rev. Joseph McIntyre Prostrated. Denver, Oct. 14.—Rev. Joseph McIntyre, chaplain of the battleship Oregon, who has been sentenced by court-martial to be dismissed from the service, is suffering from nervous prostration and confined to bed. His physician will allow no one to see him.

THROUGH IOWA

President McKinley Received an Ovation on His Return Trip.

Galesburg, Ill., Oct. 14.—Across the windswept prairies of Iowa, President McKinley was whirled yesterday on his return trip from the Omaha exposition. In western Iowa the crowds were large and clamorous at every point, but when the eastern part of the state was reached their magnitude seemed to swell at every stopping place until at Burlington, on the Mississippi, the climax was reached. The president did not attempt to talk. He was taken in a carriage through the brilliantly lighted streets and for 20 blocks was kept busy lifting his hat in response to the wild cheers of the citizens of Burlington.

Possibly the worst crush of the people Mr. McKinley ever experienced was at the Burlington station when the carriages came back. The president was forced almost to fight his way for 50 yards in order to reach the entrance to his private car. The president and party arrived at St. Louis this forenoon.

LOUISVILLE NEXT.

Grand Encampment of Knights Templars Select the Falls City as a Meeting Place.

Pittsburg, Oct. 14.—At the meeting of the grand encampment of the Knights Templars yesterday the officers were elected and Louisville was selected as the place where the next convocation is to be held.

The committee appointed to canvass the sentiment of the general convocation as to the next place of meeting reported, recommending Louisville, and the encampment at once proceeded to a vote, which resulted on the first ballot, 75 in favor of Louisville and 52 for Milwaukee. The announcement was received with cheers by the friends of Kentucky. It was decided to hold the next convocation on the fourth Tuesday in August, 1901.

At the Louisville headquarters the members celebrated their success last night by entertaining the general public in the most hospitable manner.

They Confer Together on the Disbandment of the Cuban Army.

Santiago de Cuba, Oct. 14.—Senor Bartolome Maso, accompanied by two members of his staff, arrived at Mazatlan, from Santa Cruz del Sur, a small town in Puerto Principe, where the Cubans now have their headquarters and where, on Oct. 20, the Cuban assembly will meet to elect a new president and to decide as to the plans for disbanding the army, if disbandment is considered advisable, and as to other important matters. He called at once on Colonel Ray, who expressed pleasure at the opportunity of an interview and hoped Senor Maso would arrange to disband the Cuban troops at all points now in possession of the United States forces, in order that the men might give the assistance so greatly needed to place the country in a position to recover from the evils of the three years' war.

Senor Maso expressed himself as thoroughly in accord with Colonel Ray's proposal to get the Cuban soldiery at work throughout the province of Santiago. He promised to do all in his power to bring about this result, believing, he said, that the sooner the country was prosperous and happy, the sooner Cuba Libre would be an accomplished fact, and believing also that the best policy for the Cubans now was to co-operate heartily with the Americans in their plans for building up the country.

"I believe," said Senor Maso, in terminating the interview, "that Cuba in two years will be more prosperous than ever before."

Colonel Hood's Second immune regiment (white), now at Alto Sengo, is under orders to be ready at eight hours' notice to proceed to Holguin, where the Spaniards are about to evacuate.

THROUGH IOWA

President McKinley Received an Ovation on His Return Trip.

Galesburg, Ills., Oct. 14.—Across the windswept prairies of Iowa, President McKinley was whirled yesterday on his return trip from the Omaha exposition. In western Iowa the crowds were large and clamorous at every point, but when the eastern part of the state was reached their magnitude seemed to swell at every stopping place until at Burlington, on the Mississippi, the climax was reached. There the president did not attempt to talk. He was taken in a carriage through the brilliantly lighted streets and for 20 blocks was kept busy lifting his hat in response to the wild cheers of the citizens of Burlington.

Possibly the most crush of the people Mr. McKinley ever experienced was at the Burlington station when the carriages came back. The president was forced almost to fight his way for 50 yards in order to reach the entrance to his private car. The president and party arrived at St. Louis this forenoon.

SITUATION AT VIRDEN

Operators Get Two Carloads of Negroes to the Stockades.

CAPTAIN FEVIER'S ORDERS

"Don't Allow Anyone to Disembark From That Train"—General Manager Lukens Protested, but the Officer Informed Him That He Was Acting Under Governor Tanner's Orders.

Virden, Ills., Oct. 14.—There was great excitement here last night when it became known that a special train consisting of one boxcar, three apparently empty coaches and a caboose that passed through here bore two carloads of negroes taken through here to Springfield Wednesday. The train went south and by a clever ruse succeeded in passing through Virden quietly and without interference. A big crowd of miners was at the station, but the militia held them in check.

When the train stopped at the stockade Captain Fevier, who is in command, shouted: "Don't allow any one to disembark from that train."

The gate was opened and a file of soldiers rushed out on the double quick with fixed bayonets and lined up alongside of the train. General Manager Lukens made a formal request that their employees be allowed to land and enter the stockade. Captain Fevier declined to grant this. Then Mr. Lukens put it in the form of a demand, but the officer replied that he was under orders from Governor Tanner to prevent the disembarkment of any negro miners at the works and he would have to carry out those instructions. General Manager Lukens protested in vain and the train pulled out, headed south.

By this time the advance guard of strikers gathered at the depot had advanced up the track to within 100 yards of the stockade. The presence of armed bluecoats in the lookout boxes evidently halted them, as they remained there until the train passed, when they greeted it with waving hats and cheers for Governor Tanner, who they believed had been instrumental in starting the blacks on their homeward journey.

Lukens' Statement. After the departure of the train last evening Mr. Lukens made this statement: "From my own personal knowledge I can say that no shots were fired from the train carrying the negro miners until at least 500 shots had been fired into it, and several of the guards were wounded."

"The strikers commenced firing on the train just after it had passed the depot and kept it up as long as the train was within gunshot. When the train stopped at the gate our guards were there to assist in unloading the cars."

"But few shots were fired by them, most of the defense firing being done by the train guards."

"When the special train carrying the blacks arrived yesterday afternoon at the mine the troops, under orders from Governor Tanner, refused to let them get off the train and they were compelled to go on through."

"I protested to the captain in command of the guard at the mine against this action and told him there was no law, except the law of force that would justify this action. He replied that he had strict orders from the governor not to permit the blacks to land and that he was compelled to follow instructions."

A meeting of the executive of strikers was held late yesterday afternoon. Chairman John Belgar asserted that not a man among the Thiel Agency and Pinkerton detectives stationed within the blockade had been sworn in as a deputy sheriff. He followed this statement by declaring that all of them could be held as accessories on a charge of murder.

He stated there were 20 men inside the stockade when the train bearing the negroes stopped at the shaft, and that 50 Pinkerton and Thiel men, acting as guards, were on the train. He said none of these men are residents of the state and, consequently, Sheriff Davenport had refused to swear them in.

The matter was discussed and a decision made to employ counsel and lay the matter before the grand jury.

Printers' National Convention.

Syracuse, Oct. 14.—The International Typographical union voted \$2,000 to aid the printers' strike on the Buffalo Express. Speeches were made which showed that the action was considered by the printers a great victory for organized labor. A resolution of sympathy for the striking miners of Illinois was adopted.

What do the old line democrats think of Mr. Colin Harvey as the financial manager of their party? The demoralization of leadership in that organization is becoming painful.

By acquiring a strong foothold in the far east we at once enable our merchants to carry American goods to the vast and rich hemisphere just awakening from a sleep of ages.

Mr. W. H. Blodgett's Seymour article in yesterday's Indianapolis News, which in part concerns two kinds of local politics, seems to have been written at long range. His reference to the Knights of Pythias political intentions is altogether without foundation so far as the Seymour Pythians are concerned.

The Philippines are the key to all the Orient's China included. Their possession would enable us to extend our commerce into all of Asia, Australia, and the rich oceanic islands, and still leave us free from too close contact with jealous rivals and neighbors. Possessions on the mainland of Asia might lead to foreign entanglements, but in the Philippines we would be free and safe from all neighbors' feuds.

W. G. Geile and family, who moved some months ago to Madison, returned to Seymour last night for future residence. Mr. Geile is one of the best tailors in the country and on Monday next he will take a position in the tailoring establishment of Skepe and Davis.

REPUBLICANS PAYING THE DEBT

AN EXPOSURE OF FALSE CLAIMS BY DEMOCRACY

Who Used Money Received From the General Government in Settlement of the State's Civil War Claims—What Auditor Henderson's Report Shows, When Analyzed, Regarding the Reduction of the State Debt.

AN EXAMPLE FOR CARSTENSEN.

The Democratic party claims in its state platform that under Democratic administration the state debt was reduced more than \$2,000,000. That is false, and the writer of the statement, the committee that approved and the convention that adopted it knew it to be so. In the fall of 1894 Indians turned all Democrats out of office except Governor Matthews, and he, or any other Democrat, would have gone with the rest of them had there been a governor to elect that year.

Up to the time specified, when the people said by the unparalleled plurality of 44,000 and more "we want no more of such Democracy," Auditor Henderson of that party reported that only \$910,000 of the debt had been paid, but that \$800,000 additional would be liquidated before the Democrats went out of office in the following January. In all, that would be \$1,710,000 state debt reduction for a Democratic administration.

More than two-thirds of this was paid with money received from the general government in settlement of the state's claim for civil war expenses. Only about \$800,000 was taken from the state's sinking and general funds to liquidate what the state owed on its bonded indebtedness, or rather, after two years' working under the new tax law, the Democrats could not raise enough revenue to permit them to pay more than \$300,000 on the debt. To swell their showing over \$1,000,000 toward wiping out the debt, they used money that was returned for money raised 32 years before by a war levy.

Instead of paying \$2,000,000 of the debt from taxation, the truth is that the Democratic officials from 1891 to 1895 paid only \$300,000, which was part of the money borrowed by them to run the state government during that time, and this borrowing was the outcome of Democratic legislative policy for many years preceding the time when that party, under the spur of Governor Hovey, a Republican, attempted to improve the state revenues.

With a very large increase of tax values of land, personal and corporation property, the Democrats could pay no more than \$300,000 on the state debt out of the money derived from taxation. However, they were high rollers as debt payers with the war claims money that came into their hands after Republican administrations had prosecuted the claims to successful issue, and little remained to be done when the Democrats came into the state offices but to receive the money from the government.

Since 1890, figures in the reports of the auditor of state show the reduction of the state debt to have been \$2,340,000. How much of that should be credited to Democratic management one can see from the following:

State debt when Democrats went into office in 1891 \$8,056,615.12

State debt when Democrats went out of office in 1895 \$7,136,615.12

Reduction \$920,000.00

Reduction claimed by Democratic state auditor, 1894 \$1,210,000.00

The difference can be explained only in this way. After the Democrats took charge they borrowed between 1891 and 1895 many hundred thousands. When they came to array the results of their administration for final parade, they had to make a better financial showing than the great increase of tax valuation had by their mismanagement given them. They began by taking \$340,000 of the money paid by the government, then \$370,000 more of it. As a few hundred thousand remained of that money it was decided to apply all of it, so the nearly \$1,000,000 the government paid the state in 1891 went to help wipe out the debt. The amount thus used was \$910,000. When the Democrats had thus reduced the debt the people in turn wiped them out. But they had a couple of months more of office before the Republicans were to come in so they said "we will squeeze out \$300,000 of the large revenue we have from increased appraisement of lands and other tax values and apply it to bonds. That will give us credit for \$1,210,000 as our reduction of the debt."

As a fact there was paid \$910,000 of the original public debt under Democratic administration. That party in 1891 found the debt to be \$8,056,615.12. That year it was increased to \$8,346,615.12. It so remained until 1893, when it was reduced by the payment of \$380,000, which left it at \$8,006,615.12, or only \$50,000 less than when the Democrats took charge, or in other words up to this exhibit only \$50,000 more than the Democrats had borrowed in 1891 had been paid. The next year \$570,000 was applied, reducing the figures to \$7,436,615, and then \$300,000 more before the Republicans took charge.

The Republicans, without any aid like that which came to the Democrats from the general government paying its debt to the state, up to October last reduced the state debt to \$5,716,615.12. It was \$7,136,615.12, consequently in less than four years they cut it down \$1,420,000. Since then other material reductions have been made, and the Republicans are nearer the 2,000,000 mark of lessening the debt and burden of the people than the Democrats ever dared to be. So much for a preposterous platform claim of the Democracy.

Major John C. Martin, chief surgeon of a brigade of the First corps, was as frisky in talking about the drinking water at Chickamauga, as Chaplain Carstensen was in his talk concerning the surgeons and hospitals there. What the major afterward wrote will apply to nearly all tales of camp horrors and suffering. His letter is a model of humble retraction and admission that he lied. Under date of July 16 to the assistant adjutant general at Camp Thomas, Major Martin wrote: "I desire, and do retract, each and every word spoken to General Boynton during a private conversation held in the Read House, Chattanooga, Tenn., on the evening of July 14, believing it best for myself and for the interests of the public service." "Believing it best for myself" is a very suggestive expression. Chaplain Carstensen and the other horror promoters are informed that there is no copyright on it.

What right has the Democratic party to ask the people to trust it when hundreds of thousands of its own voters throughout the country repudiated it two years ago? They have observed no evidence of reform in their party's counsels and the boycott continues.

Cutters and Manufacturers Again Adjourn Without an Agreement.

Pittsburg, Oct. 14.—The wage committee of the American Glass company and the scale committee of the Cutters' league held another futile wage conference yesterday and adjourned without date. It is probable that all factories which have had fires lighted in anticipation of starting Monday will remain idle in consequence of the failure of the committee to reach an agreement.

Cabby's Rich Fare.

"Princess street, sir," said a cabby outside a Yorkshire street railway station to his fare. "Why, that's not half a minute's work from 'ere." "Never mind, drive away," answered the gentleman.

"But I can't charge you less than 18 pence, sir; that's the legal fare." "All right, my good man, only start quickly, and I'll give you a couple of fares."

Cabby jumped upon the box with a beaming face, flicked up his horse and shouted jocosely to an imaginary wife: "Don't wait dinner if I'm late, Mary Ann! I'm taking the king of Klondike to 'is himperial habode!"—London Telegraph.

The Insurance Man's Guess.

"He is the stupidest man—he never opens his mouth without putting his foot in it," said the young girl of the clerk who had taken her to the natatorium.

"Perhaps that is the only way he can make both ends meet on his small salary," remarked the insurance man.—Spokane Spokesman-Review.

Nero never liked a person with a large nose. He flippantly told the sorrowing relatives of Plautus—whom, it is alleged, he killed—that it was only on inspecting the corpse that he discovered that Plautus had so large a nose, and if it had been pointed out before he would have certainly spared his life. "Life with such a nose," coolly added Nero, "would have been ample penance for any crime."

Fair haired people are becoming less numerous than formerly. The ancient Hebrews were a fair haired race; now they are, with few exceptions, dark. So it is in a lesser degree with the Irish, among whom 150 years ago a dark haired person was almost unknown.

HOW TO VOTE A STRAIGHT TICKET

Republican Ticket.

REP. For Secretary of State,
UNION BANNER HUNT.

REP. For Auditor of State,
W. H. HART.

REP. For Treasurer of State,
LEOPOLD LEVY.

You must get your ballots and the blue pencil of the polling clerks in the election room.

If you want to vote a STRAIGHT REPUBLICAN TICKET, make a cross, thus X, within the LARGE CIRCLE at the head of the ticket containing the EAGLE. If you DO NOT wish to vote a straight ticket, you MUST NOT make a cross in the large circle containing the device of any party, but you must make a cross, thus X, on the small square to the left of the name of each candidate for whom you desire to vote on whatever list of candidates it may be. IF THE LARGE CIRCLE AT THE HEAD OF THE TICKET is marked, and the ballot is marked at any other place, IT IS VOID AND CANNOT BE COUNTED, unless there be no candidate for some office in the list printed under such marked device, in which case you may indicate your choice for such office by making a cross, thus X, on the square to the left of the name of any candidate for such office on any other list. The cross must be placed within or on the circle or square, or the ballot is void and cannot be counted.

DO NOT MUTILATE YOUR BALLOT or mark it either by scratching a name off or writing one on, or in any other way EXCEPT BY MAKING IN THE CIRCLE OR ON THE SQUARES, as before mentioned. Otherwise the ballot will not be counted.

After marking your ballots, and before leaving the booth, FOLD THEM SEPARATELY, so that the face of them cannot be seen, and so that the INITIAL LETTERS of the names of the polling clerks on the back thereof can be seen. Then hand your ballots to the inspector, the pencil to the polling clerk, and leave the room.

If you are physically unable to mark your ballots, or cannot read English, so inform the polling clerk, and tell them how you wish to vote, and they will mark your ballots for you. But neither you or the clerk must permit any other person to hear or see how your ballots are marked. It is a penal offense to declare that you cannot read English or cannot mark your ballots, if, in fact, you can.

If you should accidentally, or by mistake, deface, mutilate or spoil your ballots, return them to the poll clerks and get new ballots.

You must not accept a ballot from any person outside of the election room. Any ballot outside is fraudulent, and it is a penitentiary offense to have such a ballot in your possession, whether you attempt to vote it or not.

You must not attempt to hold any conversation in the election room except with members of the election board and the poll clerks.

You must not put any mark of any kind on your ballot except as before mentioned. Use only the blue pencil handed to you by the polling clerk in marking your ballot. If you mark with any other pencil your ballot is void and will not be counted.

Marks of Military Rank.

A friend of the Weekly writes that most people know the marks of military rank in the army, but that the marks of naval rank are not so well known, and may be worth stating for the public benefit.

The marks are the same now in both branches of the service. The eagle on the shoulder-strap means colonel in the army or captain in the navy; the silver leaf means lieutenant-colonel in the army or commander in the navy; the gold leaf means major in the army or lieutenant-commander in the navy. Two silver bars mean captain in the army or lieutenant in the navy; one silver bar means first lieutenant in the army or lieutenant (junior grade) in the navy; second lieutenant in the army corresponds to ensign in the navy, and both wear the plain shoulder-strap. The special badge of the navy is the anchor on the coat collar.

In the higher grades, commodore, rear-admiral, and vice-admiral correspond respectively to brigadier-general, major-general, and lieutenant-general, and are respectively indicated by one star, two stars and three stars.—Harper's Weekly.

Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have an annoying sound or imperfect hearing and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by (catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SCALPERS SIMULATE SOLDIERS.

Taking Advantage of a Patriotic Offer of the Railroads.

The Chicago Inter-Ocean says that some men are wearing the uniform of the American soldier to serve the ticket scalpers of Chicago. With a patriotic impulse all the railroads agreed to sell tickets at half rates to soldiers and sailors, as well to those mustered out of service and returning to their homes, as those having furloughs or "sick leave." In a number of cases it was discovered that tickets given to such persons were sold to scalpers. One man in one day secured half-rate tickets from four railroads. Then the railroads more rigidly enforced the rule that the half-rate tickets should be issued only to soldiers in uniform. For a time it seemed as if this plan was preventing the scalpers from getting the tickets, but later tests made by detectives of the Central and Western Passenger Associations showed that in some way the scalpers were continuing to get in large numbers the tickets sold presumably only to soldiers and sailors.

The detectives of the Central Passenger Association have discovered how the scalpers were getting their tickets. A man wearing the uniform of a soldier, minus the letters and figures to indicate to which company and regiment he belonged, went to the ticket office of the Baltimore & Ohio and secured a half-rate ticket to Philadelphia. Then he went to the Erie office and got a ticket to New York. At the Wabash office he obtained a ticket to Buffalo. Then he tried the Western lines. From one he secured a ticket to St. Paul, from another a ticket to Lincoln, Neb., and from a third a ticket to Kansas City, all, of course, at half rate.

The detective followed the man in soldier's clothes on his rounds, which ended in an office building on Dearborn street. Presently out of the office which the "soldier" entered came a man who went direct to a scalper's office on Clark street. Later the detective went there and bought one of the tickets which had been given at half-rate to the soldier an hour or two before.

Anyone who tries to travel on one of the tickets issued on account of a soldier will be likely to pay full fare and lose the money he paid the scalper.

Marks of Military Rank.

A friend of the Weekly writes that most people know the marks of military rank in the army, but that the marks of naval rank are not so well known, and may be worth stating for the public benefit.

The marks are the same now in both branches of the service. The eagle on the shoulder-strap means colonel in the army or captain in the navy; the silver leaf means lieutenant-colonel in the army or commander in the navy; the gold leaf means major in the army or lieutenant-commander in the navy; two silver bars mean captain in the army or lieutenant in the navy; one silver bar means first lieutenant in the army or lieutenant (junior grade) in the navy; second lieutenant in the army corresponds to ensign in the navy, and both wear the plain shoulder-strap. The special badge of the navy is the anchor on the coat collar.

In the higher grades, commodore, rear-admiral, and vice-admiral correspond respectively to brigadier-general, major-general, and lieutenant-general, and are respectively indicated by one star, two stars and three stars—Harper's Weekly.

Narrow Escape

Nelson Harris, of Cortland, who is hauling gravel for L. P. Byrne, was passing over the bridge across White Creek with a large load of gravel when the wagon went down through the bridge into twelve feet of water. Mr. Harris managed to cut the gears off the three horses which he got out of the raging torrent. Had he not been a good hand in water all would have drowned.

Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have an annoying sound or imperfect hearing and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by (catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SCALPERS SIMULATE SOLDIERS.

Taking Advantage of a Patriotic Offer of the Railroads.

The Chicago Inter-Ocean says that some men are wearing the uniform of the American soldier to serve the ticket-scalpers of Chicago. With a patriotic impulse all the railroads agreed to sell tickets at half rates to soldiers and sailors, as well as to those mustered out of service and returning to their homes, as those having furloughs or "sick leave." In a number of cases it was discovered that tickets given to such persons were sold to scalpers. One man in one day secured half-rate tickets from four railroads. Then the railroads more rigidly enforced the rule that the half-rate tickets should be issued only to soldiers in uniform. For a time it seemed as if this plan was preventing the scalpers from getting the tickets, but later tests made by detectives of the Central and Western Passenger Associations showed that in some way the scalpers were continuing to get in large numbers the tickets sold presumably only to soldiers and sailors.

The detectives of the Central Passenger Association have discovered how the scalpers were getting their tickets. A man wearing the uniform of a soldier, minus the letters and figures to indicate to which company and regiment he belonged, went to the ticket office of the Baltimore and Ohio and secured a half-rate ticket to Philadelphia. Then he went to the Erie office and got a ticket to New York. At the Wabash office he obtained a ticket to Buffalo. Then he tried the Western lines. From one he secured a ticket to St. Paul, from another a ticket to Lincoln, Neb., and from a third a ticket to Kansas City, all, of course, at half rate.

The detective followed the man in soldier's clothes on his rounds, which ended in an office building on Dearborn street. Presently out of the office which the "soldier" entered came a man who went direct to a scalper's office on Clark street. Later the detective went there and bought one of the tickets which had been given at half-rate to the soldier an hour or two before.

Anyone who tries to travel on one of the tickets issued on account of a soldier will be likely to pay full fare and lose the money he paid the scalper.

How to Prevent Croup

We have two children who are subject to attack of croup. Whenever an attack is coming on my wife gives them Chamberlain's Remedy and it always prevents the attack. It is a household necessity in this county and no matter what else we run out of, it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined.—J. M. Nickle, of Nickle Bros., merchants, Nickleville, Pa. For sale by C. W. Millhous.

Dr. Miles' Heart Cure

Cures a Prominent Attorney.

M. R. C. PHELPS, the leading pension attorney of Belfast, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and smothering spells. My form was bent as a man of 80. I constantly wore an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from doctors for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me much pleasure to recommend this remedy to everyone."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

READING THE PAPERS

What Documents Sent by Alger to the War Investigators Reveal.

GENS. MILES AND SHAFTER

Apparent Conflict of Authority Between the Two Commanders—Major Louis L. Leaman Is Asked to Explain Certain Statements—Chaplain McIntyre Suffering From Nervous Prostration.

Washington, Oct. 14.—After hearing the testimony of Dr. Hoff, a chief surgeon of the Third army corps, stationed at Camp Thomas, the war investigating commission yesterday gave the remainder of the day to the reading of papers submitted by Secretary Alger with his statement concerning the conduct of the war.

The documents reveal the fact that General Miles recommended the occupation of the Island of Pines about the time of the battle of Santiago and that Secretary Alger disapproved the suggestion. It also appears that General Miles recommended that some point between Santiago and Porto Rico be taken previous to the beginning of either campaign. The correspondence also developed the fact that there was an apparent conflict of authority between General Miles and General Shafter at Tampa before the Santiago campaign was inaugurated. It also shows that orders were issued by the secretary of war that in the event that General Shafter should be disabled by sickness or other cause, the command of the troops at Santiago should devolve upon General Wheeler, and upon the next in command in case of the disability of both Shafter and Wheeler.

The commission has summoned Major Louis L. Leaman, a surgeon of the First volunteer engineers, to appear before it and he is expected to testify at today's session. He has recently been quoted in New York as saying that 200 men had died daily because of the maladministration of the quartermaster's department.

HAVANA NEWS.

Said That General Gomez Has Already Been Elected President of Cuba.

Havana, Oct. 14.—It is reported that General Maximo Gomez, the insurgent commander-in-chief, will arrive here this week for the purpose of conferring with the military commissioners. He will then have an interview with General Perico Diaz, the Cuban military commander in the province of Pinar del Rio.

It is understood that General Gomez has already been elected president of the Cuban government, but his nomination, it is added, will not be made public until after his arrival at Santa Cruz del Sur on Oct. 20. Gomez had previously declined the nomination but it is expected he will now accept it.

Cuban Generals Mayria, Rodriguez and Nodaves left yesterday for Santa Cruz del Sur, via Batabano, in answer to an urgent summons from the Cuban revolutionary government. It was given out here that the Cuban revolutionary ministers have commissioned these generals to reorganize the Cuban army in the eastern provinces.

The remains of Major Beebe of the United States military commission have been embalmed and were deposited temporarily in the Colon cemetery.

The Cuban clubs of this city sent delegations to the Trocha hotel at Vedado, the headquarters of the American commission, to express sympathy with our commissioners. They also sent a magnificent wreath of flowers to be deposited on the casket containing the remains of Major Beebe.

Expert bicyclists have already succeeded in riding a single wheel, or unicycle, for short distances. In years to come the unicycle may become as common a mode of locomotion as the bicycle. Only a few years ago people would have laughed at the idea that all the world would be able to ride a unicycle.

It is not in mechanical appliances alone that the world is making rapid progress. Not many years ago all physicians pronounced consumption an incurable disease. To-day a large proportion of people recognize that it is a distinctly curable disease. Doctor Pierce's Golden Medical Discovery cures 98 per cent. of all cases of consumption. It has stood the test for thirty years. Thousands of people who were given up by their doctors, and had long since given up their lives to this marvelous remedy. It acts directly on the lungs, driving out all impurities and disease germs. It restores the appetite, corrects all disorders of the digestion, strengthens the weak stomach, makes the assimilation of the life-giving elements of the food perfect, invigorates the liver, purifies the blood and tones the nerves. It is the great blood-maker and flesh-builder. It does not make flabby flesh like cod liver oil, but the firm, muscular tissue of absolute health. An honest dealer will not offer you an inferior substitute for the sake of a little added profit.

Miss Mary Whitman, of East Dickinson, Franklin Co., N. Y., writes: "For nearly ten months I have had a bad cough, and instead of getting better, it grew worse. I was said to have consumption. I tried Dr. Pierce's Golden Medical Discovery, and when the second bottle was empty I had no cough and was cured."

Dr. Pierce's Golden Medical Discovery is a large matter of good health and is largely a matter of healthy activity of the bowels. Dr. Pierce's Pleasant Pellets cure constipation. They are safe, sure and speedy, and once taken do not have to be taken again. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. Druggists sell them.

PERMANENT GARRISON.

General Brooke Ordered to Consider the Subject as Regards Porto Rico.

Washington, Oct. 14.—General Brooke has been directed by the war department to consider the subject of a permanent garrison for the island of Porto Rico. With the troops now on the island and those en route, exclusive of those on the island who have been ordered home, General Brooke's command consists of about 8,000 men. He is inclined to the belief that a force of 6,000 or 7,000 will be ample as a garrison for the island.

Whether regiments of regulars will be sent to Porto Rico will depend upon the recommendation of General Brooke. At all events, it is not likely in the opinion of war department officials that any regulars will be ordered to the island before the first of next year.

Coming Home From Porto Rico.

Washington, Oct. 14.—The four volunteer state regiments which have been ordered home from Porto Rico—the Third Illinois, Sixth Massachusetts, Fourth Ohio and Third Wisconsin—will go immediately to their state headquarters when they arrive in the United States, being given 60 days' furlough before being mustered out.

Will Serve With Lee.

Washington, Oct. 14.—Major General Francis E. Greene has been ordered to report to General Fitzhugh Lee, Seventh army corps, and will command a division of the army of Cuban occupation. General Greene took part in the battle of Manila.

First Troops to Go to Cuba.

Washington, Oct. 14.—It is the understanding at the war department that the Seventh and Eighth regular cavalry, now at Huntsville, Ala., will be the first troops that will go to Cuba, and it is not now expected that they will go with General Lee.

RAY AND MASO.

They Confer Together on the Disbandment of the Cuban Army.

Santiago de Cuba, Oct. 14.—Senor Bartolome Maso, accompanied by two members of his staff, arrived at Mazanillo, from Santa Cruz del Sur, a small town in Puerto Principe, where the Cubans now have their headquarters and where, on Oct. 20, the Cuban assembly will meet to elect a new president and to decide as to the plans for disbanding the army, if disbandment is considered advisable, and as to other important matters. He called at once on Colonel Ray, who expressed pleasure at the opportunity of an interview and hoped Senor Maso would arrange to disband the Cuban troops at all points now in possession of the United States forces, in order that the men might give the assistance so greatly needed to place the country in a position to recover from the evils of the three years' war.

Senor Maso expressed himself as thoroughly in accord with Colonel Ray's proposal to get the Cuban soldiery at work throughout the province of Santiago. He promised to do all in his power to bring about this result, believing, he said, that the sooner the country was prosperous and happy, the sooner Cuba Libre would be an accomplished fact, and believing also that the best policy for the Cubans now was to co-operate heartily with the Americans in their plans for building up the country.

"I believe," said Senor Maso, in terminating the interview, "that Cuba in two years will be more prosperous than ever before."

Colonel Hood's Second Immune regiment (white), now at Alto Songo, is under orders to be ready at eight hours' notice to proceed to Holguin, which the Spaniards are about to evacuate.

Rev. Joseph McIntyre Prostrated.

Denver, Oct. 14.—Rev. Joseph McIntyre, chaplain of the battleship Oregon, who has been sentenced by court-martial to be dismissed from the service, is suffering from nervous prostration and confined to bed. His physician will allow no one to see him.

THROUGH IOWA

President McKinley Received an Ovation on His Return Trip.

Galesburg, Ill., Oct. 14.—Across the wind-swept prairies of Iowa, President McKinley was whirled yesterday on his return trip from the Omaha exposition. In western Iowa the crowds were large and clamorous at every point, but when the eastern part of the state was reached their magnitude seemed to swell at every stopping place until at Burlington, on the Mississippi, the climax was reached. There the president did not attempt to talk. He was taken in a carriage through the brilliantly lighted streets and for 20 blocks was kept busy lifting his hat in response to the wild cheers of the citizens of Burlington.

Possibly the worst crush of the people Mr. McKinley ever experienced was at the Burlington station when the carriages came back. The president was forced almost to fight his way for 50 yards in order to reach the entrance to his private car. The president and party arrived at St. Louis this forenoon.

LOUISVILLE NEXT.

Grand Encampment of Knights Templars Select the Falls City as Meeting Place.

Pittsburg, Oct. 14.—At the meeting of the grand encampment of the Knights Templars yesterday the officers were elected and Louisville was selected as the place where the next convocation is to be held.

The committee appointed to canvass the sentiment of the general convocation as to the next place of meeting reported, recommending Louisville, and the encampment at once proceeded to a vote, which resulted on the first ballot, 75 in favor of Louisville and 52 for Milwaukee. SITUATION AT VIRDEN

Operators Get Two Carloads of Negroes to the Stockades.

CAPTAIN FEVIER'S ORDERS

"Don't Allow Anyone to Disembark From That Train"—General Manager Lukens Protested, but the Officer Informed Him That He Was Acting Under Governor Tanner's Orders.

Virden, Ill., Oct. 14.—There was great excitement here last night when it became known that a special train consisting of one boxcar, three apparently empty coaches and a caboose that passed through here bore two carloads of negroes taken through here to Springfield Wednesday. The train went south and by a clever ruse succeeded in passing through Virden quietly and without interference. A big crowd of miners was at the station, but the militia held them in check.

When the train stopped at the stockade Captain Fevier, who is in command, shouted: "Don't allow any one to disembark from that train."

The gate was opened and a file of soldiers rushed out on the double quick with fixed bayonets and lined up alongside of the train. General Manager Lukens made a formal request that their employees be allowed to land and enter the stockade. Captain Fevier declined to grant this. Then Mr. Lukens put it in the form of a demand, but the officer replied that he was under orders from Governor Tanner to prevent the disembarkation of any negro miners at the works and he would have to carry out those instructions. General Manager Lukens protested in vain and the train pulled out, headed south.

By this time the advance guard of strikers gathered at the depot had advanced up the track to within 100 yards of the stockade. The presence of armed bluecoats in the lookout boxes evidently halted them, as they remained there until the train passed, when they greeted it with waving hats and cheers for Governor Tanner, who they believed had been instrumental in starting the blacks on their homeward journey.

Lukens' Statement.

After the departure of the train last evening Mr. Lukens made this statement: "From my own personal knowledge I can say that no shots were fired from the train carrying the negro miners until at least 500 shots had been fired into it, and several of the guards were wounded."

"The strikers commenced firing on the train just after it had passed the depot and kept it up as long as the train was within gunshot. When the train stopped at the gate our guards were there to assist in unloading the cars."

"But few shots were fired by them, most of the defense firing being done by the train guards."

"When the special train carrying the blacks arrived yesterday afternoon at the mine the troops, under orders from Governor Tanner, refused to let them get off the train and they were compelled to go on through."

"I protested to the captain in command of the guard at the mine against this action and told him there was no law, except the law of force that would justify this action. He replied that he had strict orders from the governor not to permit the blacks to land and that he was compelled to follow instructions."

Miners' Meeting.

A meeting of the executive of strikers was held late yesterday afternoon. Chairman John Belgar asserted that not a man among the Thiel Agency and Pinkerton detectives stationed within the blockade had been sworn in as a deputy sheriff. He followed this statement by declaring that all of them could be held as accessories on a charge of murder.

He stated there were 20 men inside the stockade when the train bearing the negroes stopped at the shaft, and that 50 Pinkerton and Thiel men, acting as guards, were on the train. He said none of these men are residents of the state and, consequently, Sheriff Davenport had refused to swear them in.

The matter was discussed and a decision made to employ counsel and lay the matter before the grand jury.

Printers' National Convention.

Syracuse, Oct. 14.—The International Typographical union voted \$2,000 to aid the printers' strike on the Buffalo Express. By a vigorous resolution introduced by Delegate Black of Detroit, the union put itself on record against anti-trust legislation in congress. The convention discussed the contract made by its shorter workday committee with the typothetæ. The contract was unanimously ratified. Speeches were made which showed that the action was considered by the printers a great victory for organized labor. A resolution of sympathy for the striking miners of Illinois was adopted.

Washington, Oct. 14.—Controller of the Currency Dawes has telegraphed the cashier of the Tiago National bank, Oswego, N. Y., to close its doors, stating that National Bank Examiner Van Brocklin will be placed in charge. Senator Platt is president of the concern.

New York, Oct. 14.—Colonel Roosevelt's itinerary was arranged yesterday. In the colonel's party will probably be Chauncey M. Depew, ex-Minister Woodford and Color Sergeant Wright of the Rough Riders. Provision is made for numerous speeches throughout all parts of the state.

TRIAL OF KITCHEN

Postponed at Lexington For Fear of Trouble With Soldiers.

Lexington, Ky., Oct. 14.—The trial of Private Allen Kitchen, who killed Edward Nyrgan, Twelfth New York, on Sunday, which was to have taken place yesterday, was postponed until Saturday because a new outrage had stirred up such a feeling that violence was feared. Sergeant A. McClelland of the Third Kentucky was caught by a party of Twelfth New York soldiers and so mistreated that he may be injured for life. This aroused bitter indignation against the New York regiment on the part of the Kentucky regiment, and it was deemed unwise to risk an outbreak by proceeding with the trial of Kitchen.

What do the old line democrats think of Mr. Coin Harvey as the financial manager of their party? The demonization of leadership in that organization is becoming painful.

By acquiring a strong foothold in the far east we at once enable our merchants to carry American goods to the vast and rich hemisphere just awakening from a sleep of ages.

Mr. W. H. BLODGETT's Seymour article in yesterday's Indianapolis News, which in part concerns two kinds of local politics, seems to have been written at long range. His reference to the Knights of Pythias political intentions is altogether without foundation so far as the Seymour Pythians are concerned.

The Philippines are the key to all the Orient, China included. Their possession would enable us to extend our commerce into all of Asia, Australia, and the rich oceanic islands, and still leave us free from too close contact with jealous rivals and neighbors. Possessions on the mainland of Asia might lead to foreign entanglements, but in the Philippines we would be free and safe from all neighbors feuds.

W. G. Geile and family, who moved some months ago to Madison, returned to Seymour last night for future residence. Mr. Geile is one of the best tailors in the country and on Monday next he will take a position in the tailoring establishment of Skepe and Davis.

Sher, and the Commissioners by D. A. Koehnour, B. H. Burrell, W. H. Endebeck and H. C. Duncan. When these motions are disposed of the main points at issue will come up for a hearing.

DIED.

Mrs. Lavina Stephens, formerly of this place, died at her home in Whittier, Cal., September 30, 1898, age 71 years. Ten days before her death she had a stroke of paralysis which effected her spine especially. The Whittier Register says further: "The deceased was a daughter of Josiah and Hannah White and was born in the vicinity of Seymour, Ind. At twenty years of age she was married to Elton B. Stevens, who with five of the twelve children born to them are left to mourn her loss. The surviving children are Mrs. S. W. Baldwin and Mrs. S. R. Sweeney, of Alba, Mo.; Mrs. T. Morris and Chas. M. Stevens, of Whittier, and Oscar L. Stevens, of Los Angeles. Deceased was a life long and devoted member of the Friend's church."

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing or us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night, and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottle free at W. F. Peter's drug store. Regular size 50c and \$1.00. Every bottle guaranteed.

REPUBLICANS PAYING THE DEBT

AN EXPOSURE OF FALSE CLAIMS BY DEMOCRACY

Who Used Money Received From the General Government in Settlement of the State's Civil War Claims—What Auditor Henderson's Report Shows, When Analyzed, Regarding the Reduction of the State Debt.

AN EXAMPLE FOR CARSTENSEN.

The Democratic party claims in its state platform that under Democratic administration the state debt was reduced more than \$2,000,000. That is false, and the writer of the statement, the committee that approved and the convention that adopted it knew it to be so. In the fall of 1894 Indianapolis turned all Democrats out of office except Governor Matthews, and he, or any other Democrat, would have gone with the rest of them had there been a governor to elect that year.

Up to the time specified, when the people said by the unparalleled plurality of 44,000 and more "we want no more of such Democracy," Auditor Henderson of that party reported that only \$910,000 of the debt had been paid, but that \$300,000 additional would be liquidated before the Democrats went out of office in the following January. In all, that would be \$1,210,000 state debt reduction for a Democratic administration.

More than two-thirds of this was paid with money received from the general government in settlement of the state's claim for civil war expenses. Only about \$300,000 was taken from the state's sinking and general funds to liquidate what the state owed on its bonded indebtedness, or rather, after two years' working under the new tax law, the Democrats could not raise enough revenue to permit them to pay more than \$300,000 on the debt. To swell their showing over \$1,000,000 toward wiping out the debt, they used money that was returned for money raised 32 years before by a war levy.

Instead of paying \$2,000,000 of the debt from taxation, the truth is that the Democratic officials from 1891 to 1895 paid only \$300,000, which was part of the money borrowed by them to run the state government during that time, and this borrowing was the outcome of Democratic legislative policy for many years preceding the time when that party, under the spur of Governor Hovey, a Republican, attempted to improve the state revenues.

With a very large increase of tax values of land, personal and corporation property, the Democrats could pay no more than \$300,000 on the state debt out of the money derived from taxation. However, they were high rollers as debt payers with the war claims money that came into their hands after Republican administrations had prosecuted the claims to successful issue, and little remained to be done when the Democrats came into the state offices but to receive the money from the government.

Since 1890, figures in the reports of the auditor of state show the reduction of the state debt to have been \$2,340,000. How much of that should be credited to Democratic management one can see from the following:

State debt when Democrats went into office in 1891	\$8,050,615.12
State debt when Democrats went out of office in 1895	\$7,136,615.12

Reduction	\$920,000.00
Reduction claimed by Democratic state auditor, 1894	\$1,210,000.00

The difference can be explained only in this way. After the Democrats took charge they borrowed between 1891 and 1895 many hundred thousands. When they came to array the results of their administration for final parade, they had to make a better financial showing than the great increase of tax valuation had by their mismanagement given them. They began by taking \$340,000 of the money paid by the government, then \$370,000 more of it. As a few hundred thousand remained of that money it was decided to apply all of it, so the nearly \$1,000,000 the government paid the state in 1891 went to help wipe out the debt. The amount thus used was \$910,000. When the Democrats had thus reduced the debt the people in turn wiped them out. But they had a couple of months more of office before the Republicans were to come in so they said "we will squeeze out \$300,000 of the large revenue we have from increased appraisalment of lands and other tax values and apply it to bonds. That will give us credit for \$1,210,000 as our reduction of the debt."

As a fact there was paid \$910,000 of the original public debt under Democratic administration. That party in 1891 found the debt to be \$8,056,615.12. That year it was increased to \$8,346,615.12. It so remained until 1893, when it was reduced by the payment of \$380,000, which left it at \$8,006,615.12, or

only \$30,000 less than when the Democrats took charge, or in other words up to this exhibit only \$50,000 more than the Democrats had borrowed in 1891 had been paid. The next year \$570,000 was applied, reducing the figures to \$7,436,615, and then \$300,000 more before the Republicans took charge.

The Republicans, without any aid like that which came to the Democrats from the general government paying its debt to the state, up to October last reduced the state debt to \$5,716,615.12. It was \$7,136,615.12, consequently in less than four years they cut it down \$1,420,000. Since then other material reductions have been made, and the Republicans are nearer the 2,000,000 mark of lessening the debt and burden of the people than the Democrats ever dared to be. So much for a preposterous platform claim of the Democracy.

Major John C. Martin, chief surgeon of a brigade of the First corps, was as frisky in talking about the drinking water at Chickamauga, as Chaplain Carstensen was in his talk concerning the surgeons and hospitals there. What the major afterward wrote will apply to nearly all tales of camp horrors and suffering. His letter is a model of humble retraction and admission that he lied. Under date of July 16 to the assistant adjutant general at Camp Thomas, Major Martin wrote: "I desire, and do retract, each and every word spoken to General Boynton during a private conversation held in the Read House, Chattanooga, Tenn., on the evening of July 14, believing it best for myself and for the interests of the public service." "Believing it best for myself" is a very suggestive expression. Chaplain Carstensen and the other horror promoters are informed that there is no copyright on it.

What right has the Democratic party to ask the people to trust it when hundreds of thousands of its own voters throughout the country repudiated it two years ago? They have observed no evidence of reform in their party's counsels and the boycott continues.

Cutters and Manufacturers Again Adjourn Without an Agreement.

Pittsburg, Oct. 14.—The wage committee of the American Glass company and the scale committee of the Cutters' league held another futile wage conference yesterday and adjourned without date. It is probable that all factories which have had fires lighted in anticipation of starting Monday will remain idle in consequence of the failure of the committee to reach an agreement.

Cabby's Rich Fare.

"Princess street, sir," said a cabby outside a Yorkshire street railway station to his fare. "Why, that's not half a minute's work from here."

"Never mind, drive away," answered the gentleman.

"But I can't charge you less than 18 pence, sir; that's the legal fare."

"All right, my good man, only start quickly, and I'll give you a couple of fares."

Cabby jumped upon the box with a beaming face, flicked up his horse and shouted jocosely to an imaginary wife:

"Don't wait dinner if I'm late, Mary Ann! I'm taking the king of Klondike to 'is himperial habode!"—London Telegraph.

The Insurance Man's Guess.

"He is the stupidest man—he never opens his mouth without putting his foot in it," said the young girl of the clerk who had taken her to the natarium.

"Perhaps that is the only way he can make both ends meet on his small salary," remarked the insurance man.—Spokane Spokesman-Review.

The desert of Sahara is as large as all that portion of the United States lying west of the Mississippi.

Nero never liked a person with a large nose. He flippantly told the sorrowing relatives of Plautus—whom, it is alleged, he killed—that it was only on inspecting the corpse that he discovered that Plautus had so large a nose, and if it had been pointed out before he would have certainly spared his life. "Life with such a nose," coolly added Nero, "would have been ample penance for any crime."

Fair haired people are becoming less numerous than formerly. The ancient Hebrews were a fair haired race; now they are, with few exceptions, dark. So it is in a lesser degree with the Irish, among whom 150 years ago a dark haired person was almost unknown.

HOW TO VOTE A STRAIGHT TICKET

Republican Ticket.

REP.	For Secretary of State, UNION BANNER HUNT.
REP.	For Auditor of State, W. H. HART.
REP.	For Treasurer of State, LEOPOLD LEVY.

You must get your ballots and the blue pencil of the polling clerks in the election room.

If you want to vote a STRAIGHT REPUBLICAN TICKET, make a cross, thus X, within the LARGE CIRCLE at the head of the ticket containing the EAGLE. If you DO NOT wish to vote a straight ticket, you MUST NOT make a cross in the large circle containing the device of any party, but you must make a cross, thus X, on the small square to the left of the name of each candidate for whom you desire to vote on whatever list of candidates it may be. IF THE LARGE CIRCLE AT THE HEAD OF THE TICKET IS marked, and the ballot is marked at any other place, IT IS VOID AND CANNOT BE COUNTED, unless there be no candidate for some office in the list printed under such marked device, in which case you may indicate your choice for such office by making a cross, thus X, on the square to the left of the name of any candidate for such office on any other list. The cross must be placed within or on the circle or square, or the ballot is void and cannot be counted.

DO NOT MUTILATE YOUR BALLOT or mark it either by scratching a name off or writing on it, or in any other way EXCEPT BY MARKING IN THE CIRCLE OR ON THE SQUARES, as before mentioned. Otherwise the ballot will not be counted.

After marking your ballots, and before leaving the booth, FOLD THEM SEPARATELY, so that the face of them cannot be seen, and so that the INITIAL LETTERS of the names of the polling clerks on the back thereof can be seen. Then hand your ballots to the inspector, the pencil to the polling clerk, and leave the room.

If you are physically unable to mark your ballots, or cannot read English, so inform the polling clerk, and tell them how you wish to vote, and they will mark your ballots for you. But neither you or the clerks must permit any other person to hear or see how your ballots are marked. It is a penal offense to declare that you cannot read English or cannot mark your ballots, if, in fact, you can.

If you should accidentally, or by mistake, deface, mutilate or spoil your ballots, return them to the polling clerks and get new ballots.

You must not accept a ballot from any person outside of the election room. Any ballot outside is fraudulent, and it is a penitentiary offense to have such a ballot in your possession, whether you attempt to vote it or not.

You must not attempt to hold any conversation in the election room, except with members of the election board and the polling clerks.

You must not put any mark of any kind on your ballot except as before mentioned.

Use only the blue pencil handed to you by the polling clerk in marking your ballot. If you mark with any other pencil your ballot is void and will not be counted.

Death of Mrs. Coon Benton.

Our people were shocked today on hearing of the death of Mrs. Coon Benton, of Muncie, which occurred early Friday morning, October 14, 1898, with bowel trouble, aged about forty six years. Marks of Military Rank.

A friend of the Weekly writes that most people know the marks of military rank in the army, but that the marks of naval rank are not so well known, and may be worth stating for the public benefit.

The marks are the same now in both branches of the service. The eagle on the shoulder-strap means colonel in the army or captain in the navy; the silver leaf means lieutenant-colonel in the army or commander in the navy; the gold leaf means major in the army or lieutenant-commander in the navy. Two silver bars mean captain in the army or lieutenant in the navy; one silver bar means first lieutenant in the army or lieutenant (junior grade) in the navy; second lieutenant in the army corresponds to ensign in the navy, and both wear the plain shoulder-strap. The special badge of the navy is the anchor on the coat collar.

In the higher grades, commodore, rear-admiral, and vice-admiral correspond respectively to brigadier-general, major-general, and lieutenant-general, and are respectively indicated by one star, two stars and three stars.—Harper's Weekly.

Nelson Harris, of Cortland, who is hauling gravel for L. P. Byrne, was passing over the bridge across White Creek with a large load of gravel when the wagon went down through the bridge into twelve feet of water. Mr. Harris managed to cut the gears of the three horses which he got out of the raging torrent. Had he not been a good hand in water all would have drowned.

Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have an annoying sound or imperfect hearing and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by (catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SCALPERS SIMULATE SOLDIERS.

Taking Advantage of a Patriotic Offer of the Railroads.

The Chicago Inter-Ocean says that some men are wearing the uniform of the American soldier to serve the ticket scalpers of Chicago. With a patriotic impulse all the railroads agreed to sell tickets at half rates to soldiers and sailors, as well to those mustered out of service and returning to their homes, as those having furloughs or "sick leave." In a number of cases it was discovered that tickets given to such persons were sold to scalpers. One man in one day secured half-rate tickets from four railroads. Then the railroads more rigidly enforced the rule that the half-rate tickets should be issued only to soldiers in uniform. For a time it seemed as if this plan was preventing the scalpers from getting the tickets, but later tests made by detectives of the Central and Western Passenger Associations showed that in some way the scalpers were continuing to get in large numbers the tickets sold presumably only to soldiers and sailors.

The detectives of the Central Passenger Association have discovered how the scalpers were getting their tickets. A man wearing the uniform of a soldier, minus the letters and figures to indicate to which company and regiment he belonged, went to the ticket office of the Baltimore & Ohio and secured a half-rate ticket to Philadelphia. Then he went to the Erie office and got a ticket to New York. At the Wabash office he obtained a ticket to Buffalo. Then he tried the Western lines. From one he secured a ticket to St. Paul, from another a ticket to Lincoln, Neb., and from a third a ticket to Kansas City, all, of course, at half rate.

The detective followed the man in soldier's clothes on his rounds, which ended in an office building on Dearborn street. Presently out of the office which the "soldier" entered came a man who went direct to a scalper's office on Clark street. Later the detective went there and bought one of the tickets which had been given at half-rate to the soldier an hour or two before.

Anyone who tries to travel on one of the tickets issued on account of a soldier will be likely to pay full fare and lose the money he paid the scalper.

How to Prevent Croup.

We have two children who are subject to attack of croup. Whenever an attack is coming on my wife gives them Chamberlain's Remedy and it always prevents the attack. It is a household necessity in this county and no matter what else we run out of, it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined.—J. M. Nickle, of Nickle Bro., merchants, Nickleville, Pa. For sale by C. W. Milhouse.
